To whom it may concern,

Jim Giles Safe Rooms is a Producer Member of the National Storm Shelter Association (NSSA). Hence the shelters this company produces have been evaluated and tested for compliance with FEMA 320 and FEMA 361 guidelines and with ICC-500/NSSA standards. Their product is pre-manufactured steel above ground and is engineered to withstand tornadic winds to 250 mph as per the above guidelines and standards.

Tom Bennett runs the company and he is President of NSSA. Consult the website for a list of current members <http://www.nssa.cc/ProducerRoster.php>

Very truly yours,
